

Dressta TD-16N

£POA

-With the TD-16N we set out to create the very best dozer for operators. A dozer that would rewrite the rule book and be the benchmark for visibility, safety and operational performance. Immediately honoured with a world-renowned Red Dot Design Award, we have delivered a revolutionary machine. Nothing looks like it, performs like it, or offers greater visibility and safety for the operator.

-For Dressta, the operator experience is everything. When we design a machine, we start with the
