

Liugong 835H

£POA

To ensure real return on investment you demand machines that can quickly adapt to any situation on the jobsite and handle multiple jobs with speed and precision. Our new 835H wheel loader combined with our perfectly matched quick coupler and attachments, create the ultimate in multi-tools. Here is a selection of key benefits, common to both of our new machines.

The new 4-speed ZF power shift transmission, including torque converter, cleverly adapts to any situation, ensuring the maximum transfer of power to improve performance and fuel efficiency.

Product Details	
Category/Type	Wheel Loaders
Make	Liugong
Model	835H
Year	12,725 kg
Hours	106 kW

engine has been carefully chosen to help deliver operational versatility, reduce cost and to comply with the latest environmental legislation.

The engine uses a precise, high pressure common-rail fuel injection system, smart wastegate turbo and air-to-air intercooler combining to deliver optimal performance whatever the task.

Integrated post-processing system (DOC+DPF+SCR) achieves Stage V emissions regulations.

But we go even further to reduce environmental impact and boost your bottom line.

Our engine is optimized for rapid throttle response, getting the job done fast, but not at the

Capital Valley Industrial Park, Rhymney, Gwent, NP22 5PT
