

LiuGong 856HE

£POA

To justify the change to electric, BEVs must outperform conventional machines. Our new 856HE MAX is all the justification you need. It's a machine with proven performance in the areas you really care about.

Our intelligent, human centric design creates a superior operator experience.

- Load-sensing hydraulics
- EAT700 transmission with electro proportional valve for fast and smooth shifting
- Independent control of dual-motor drive for maximum hydraulic lift

Product Details

Category/Type	Wheel Loaders
Make	LiuGong
Model	856HE
Year	21,000Kg
Hours	423kWh

– 11.7 hr working time capability (light applications) & 8.6 hours (heavy applications)

– 1.7 hr fast charging capability (240kW)

– Intelligent Battery Management System.

Capital Valley Industrial Park Rhymney, Gwent, NP22 5PT

ENVIRONMENTALLY FRIENDLY
Heavyweight performance with environmental responsibility.
