

## Liugong 9051FZTS

### £POA

With zero tail swing (ZTS), our 5T range can work in confined spaces. This design significantly reduces the likelihood of collisions making for a safer working environment.

From the ergonomically positioned non-slip pedals to the multi-functional joysticks, the cabin interior represents a masterclass in design.

When dozer float is activated, the dozer blade will automatically follow the contours of the ground. This functionality enables operators to perform fine grading and clean-up activities with maximum ease and control.
