£POA

-To build machines that can withstand the hardest conditions takes intelligent design, and attention to detail. We know that a machine is only as strong as its weakest point, so every weld, every joint, every component is scrutinized to ensure it passes our rigorous durability tests. Here's the proof.

-There's no need to compromise digging performance to get the highest fuel efficiency because the all New 922F gives you both. With greater torque and more power at lower engine speeds
